

# SUPERIOR PNEUMATIC NUT TOOL

Your Special Rivets Corporation / [www.src.com.tw](http://www.src.com.tw)

**AUTOMATIC THREAD  
SYSTEM DESIGN**

**SN-10**

**SN-6**

A thoughtful design of SN-10 is a press button at the back of upper body and you can un-thread nut inserts before trigger.

SN-10 heavy duty pneumatic blind nut tool can thread and un-thread nut insert automatically during operation.
